*All funds designated to us will
be used for our mission work.*

MISSION STATEMENT:

**We have a world vision
to evangelize the nations
and equip the Body of
Christ.**

**We are sensing His
urgency for All men to
know Him.**

**Our efforts are spent
teaching the existing
leadership
and providing support to
them so that they can in
turn raise up leadership.**

**It is through the
nationals
working one-on-one
with the local church**

**"That the Gospel of
Peace may be preached
to all nations..."**

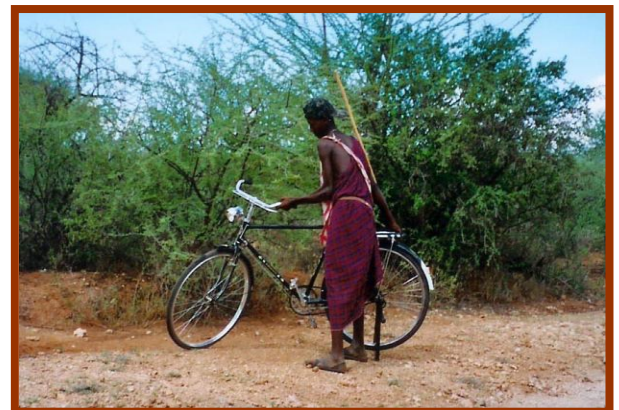

After our teaching last year, the Massi started four new churches.

Last year we held a conference with the Massi. Kathy had taught on John 15:16, "that our lives were to bear fruit and that it should be lasting fruit." Israel had only been a Christian for three months at that time. He took what we said literally and went out and started four new churches. When he brought us to the Church at Kncu this year, he said to us, "here is your fruit." We have not had this kind of response anywhere we have ever been. Israel is a new Christian with no education but with the passion of God's love for him. He is fulfilling the mandate of Jesus, "Go into all the world and preach the gospel...."

The Massi never cease to amaze us. We gave Israel a bike at the Naepo Conference. A few days later we drove three hours to Kncu for the next meeting. When we arrived, he was already there. We asked him how he got there and his reply was, "you gave me a bicycle." Two of them had ridden it 14 hours to get to the next meeting.

We were able to give out 16 bikes this year.

They rode their new bike 14 hours to the next meeting.
